

The screenshot displays the Oracle Hyperion Financial Reporting (HFR) interface. It shows a financial statement with multiple columns for different financial metrics and rows for various accounts. The interface includes a top navigation bar with the Oracle logo and menu options. The main area contains a table with data, and there are side panels for filtering and drill-down options.

Account	Period	Value	Unit
1000000000	2008-01-01	1000000000	USD
1000000000	2008-01-02	1000000000	USD
